Gentlemen,

The Koochiching Development Authority, having the powers of economic development for Koochiching County, is pleased to participate in the investigation of a waste transformation to energy project and program. We understand the developers, Korridor Capital Advisors and Distributed Generation Solutions, are working in conjunction with the plasma systems integrator NEOThermA. This team has presented an intriguing opportunity to transform our regional waste into an energy source for a local host.

**District 3**  
**Kallie Briggs**  
**3675 Co. Rd. 21**  
**Intl Falls, Mn 56649**  
**218-286-0405**

Under this program we have the potential to change the way Minnesota uses energy. The Koochiching Development Authority Board of Commissioners is proud to join this partnership in defining Minnesota's energy future and potential development in Koochiching County.

**District 4**  
**Charles Lepper**
